

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our district is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Anderson District One is helping all students develop world class skills and life and career characteristics of the Profile of the Graduate through our commitment to provide students the access to world class knowledge. Through rigorous curriculum and instruction, students are achieving at high levels which is evident through Excellent district and school state and federal ratings. Academic success is accredited to a district culture of excellence, ongoing professional development, data analysis and reflection that leads to change. The district graduation rate was at a record 91% for 2014-2015. Seniors at our three high schools earned over \$15,000,000 in scholarships for continuing their education. After much research and improvements in infrastructure for each school, Anderson One had a very successful 1:1 iPad implementation for grades 3 to 12 with the themes of discover, transform and excel. The focus allowed teaching and learning to be at the highest level of creativity, communication, problem solving and collaboration. This continuous goal of incorporating world class skills will ensure success in college and the workplace. A successful STEM program in the district resulted in students from Cedar Grove Elementary School winning the International Jet Toy Car Award. A critical part of Anderson One's successes are the opportunities students have in preparing for life: fine arts programs in drama, music, band and strings and competitive athletic programs. The district continued a focus on school safety and security with a state of the art camera system, access doors at all schools, additional resource officers, and training for all teachers and staff in the ALICE program. The district is very fortunate to have many competent, caring, and capable professional and support staff members that enthusiastically promote instructional services that continually improve the learning environment and culture of the district. The School Board of Trustees, Superintendent, and District Administration along with all school employees and students worked closely together to strive for continuous improvement in all programs. The mission statement for Anderson District One states our commitment to providing an academically challenging, community-driven, and diverse educational experience based on the individual needs of each students.

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
